

Sensory-Friendly Evening

Wednesday, April 8, 2026 • 5:30–8:00pm

The Missouri History Museum will be closed to the general public.

Space is limited. While this program is free, registration is required.

Scan the QR code below to register, or call (314) 454-3161.

Service and therapy animals welcome. ASL interpreter and other accommodations available on request (please request one week in advance).

Please email access@mohistory.org or call (314) 454-3161 with accommodation requests.

Join us for a calm, welcoming evening

at the Missouri History Museum for guests of all ages with autism and other disabilities, plus their companions. The Museum will have adjusted lighting and sound, limited capacity, and a quiet room.

Visitors can partake in storytelling, a hands-on touch table, and crafts. Create-your-own mini exhibit with touchable artifacts!

Other opportunities include:

- 20-minute guided tours in the **Collected** and **Mill Creek: Black Metropolis** exhibits
- A music-making room with reduced volume from **Different Dynamics**
- Therapy dogs to meet and pet from **Duo Dogs**
- Resource tables from partner organizations
- Adjusted lighting and lowered sound levels
- A quiet/sensory break room
- Sensory kits (headphones, fidgets). *Please ask for a kit at check-in.*
- A social narrative and sensory map

Share with your members, clients, and network community. Thank you for helping us make this event accessible!
