

LET'S GO FISHING

Saturday, June 20, 2026
10:00 am – 12:30 pm

Forest Park Hatchery

Northeast Corner of Forest Park
(West Pine Dr. to Grand Dr. to Hatchery)
St. Louis, MO 63110

Children and Adults with
disabilities are invited to
attend, along with their support
providers to assist, if needed

The Missouri Dept. of Conservation (MDC) and the Recreation Council want everyone to discover the fun of fishing. This program will be catch-and-release, ADA-accessible, and designed specifically for children and adults with disabilities. Fishing equipment and bait are provided, adaptive equipment is available, as needed, and MDC volunteers will be available to help teach and assist. No fishing permit is required for participants. Support staff should accompany participants, if needed, and may assist them; however, only the participants will be permitted to fish. Participants are welcome to arrive before, or stay after the event, and bring snacks or lunch for a picnic at the lake.

**Advanced registration is
preferred by sending an email to
info@recreationcouncil.org**
